

Motto

Committed to providing quality Education.

Vision

To be a leading center of excellence in Teacher Education, Open Learning, Research and Community Service for sustainable development.

Mission

To maintain a leadership role in the generation, acquisition, application, dissemination and preservation of knowledge in its areas of competence including consultancy and research, training of graduate teachers and open learning.

Core Values

The vision of the College of Education and External Studies is geared towards offering professional programs of highest quality in order to meet the needs of the country in human capital development. Our mission is also geared towards promotion of excellence through instruction, research and service. In this respect our core values are:

1. Provision of high quality teaching informed by research.
2. Dedication to excellence.
3. Uphold the ethics and etiquette of teaching, learning, research and consultancy.
4. Nurture responsible corporate citizenship with strong social responsibility.
5. Uphold the virtues of truth, integrity, honesty, tolerance, professionalism, teamwork and meritocracy.
6. Maintain impartiality in assessment of student and staff performance.
7. Add value to interaction with various communities through Extra- Mural activities.
